1. **Individual animal order** – Sale order of individual animals is determined by conformation and champion drive placings. Class placing **determined by the judge** will be based upon quality (grade) and market class placing. Within each species the first to sell will be the highest placing animal with the highest-grade classification (indicated by blue or red ribbons). Animals receiving a white ribbon for grade will not be allowed to sell. Within each grade classification, sale order will alternate between 4-H and FFA participants as appropriate.
2. **Overall Show Champion of Species** – An overall species champion of both 4-H and FFA shows will be the first animal to sell in the specie sale order, followed by the Champion and Reserve Champion of the Divisions (per rotation as defined in the program order below).
3. **Sale order of species** – Sale order will be determined by auction committee and published in the official sale catalog.
4. **Program order** – 4-H and FFA will alternate every year as to which program member will be the first to start the auction. FFA will go first on even years and 4-H will go first on odd years.
5. **Sale Order** – The official sale order is posted one day prior to the EOLS Auction by the Auction Committee. It is the responsibility of the member to be aware of their place in the order and be in line and ready for their rotation into the auction. Any members missing their rotation will not be allowed to sell in the auction at a later time.

SALE REQUIREMENTS

1. All animals meeting the weight limitations will be evaluated by a qualified judge who will estimate if beef grades select, choice, or prime; if sheep will grade choice or prime; if hogs will grade US 1 or 2 or if goats will grade choice or prime. **The Judges decisions are final.**
2. All market lambs and goats grading choice or better must be sold through the Auction. Steers grading prime, choice or select must sell in the Auction. Market hogs grading 1 or 2 must sell in the Auction. Lambs and goats grading below choice; standard steers and utility hogs will receive a white ribbon and will not be allowed to sell **through the auction.**

3. Transfer of ownership takes place at the time of the sale. **Once auction animals leave the grounds all responsibility for animal transfers to the buyer.**
 - All Exhibitors will care for their market animals through 6:00 p.m. Saturday night. If your animal is a “Pickup or Take-Home Animal”, please water your animal once that species has completed selling. **All pickup/take home animals must be checked out with the Auction Office before loading.** The Auction Committee will assist in loading out of the animals. All animals should be off the grounds before 7:00 pm of sale day.
4. **Resale Animals Condemned at Commercial Slaughter** - If an animal is rejected, condemned, or discounted in the commercial slaughter process for any reason, the final buyer could have the option of accepting the floor price of the animal. *The exhibitor could assume this loss at the discretion of the auction committee.*

6. **Market Steer Requirements** - Change of Ownership Slips (E-slips not transportation certificates) must accompany all market steers and must be presented to the weigh master at weigh in time. A maximum of 2-inch scurs are allowed. Measured at the base of the scur.

All resale steers (both 4-H and FFA) will be sold on carcass and yield grade. Any discount taken or premium paid by the re-sale packers will be passed on to the exhibitors. This means that the exhibitor will be paid on carcass quality plus the premium the buyer bids above market price. Market steers going for re-sale may be charged a feed lot fee for approximately one week if arrangements are made in hopes to prevent “dark cutters.” Exhibitors that sell steers to buyers of locker meat will be paid total price bid on animals using the live grade. All market steers sold as custom kill at the auction must be left tied with a rope halter at least 3/8-inch in diameter in the areas designated for the Custom Kill Processors. All Exhibitors will care for their market animals through 6:00 p.m. Saturday night. All re-sale steers will be turned loose in the location stated by the Auction Committee.
7. **Market Goat Requirements** – It is recommended that market goats be dehorned **but not required if horns are the breed standard. If animals show any sign of being unsafe because of their horns, exhibitors may be asked to cap or tip horns or remove the animal from the grounds.**
